Model: Panasonic DMR-EH59 Region Free DVD Recorder with 25GB Hard Drive

- *1080p HDMI Output
- *Plays any region PAL or NTSC DVD-Video, DVD-Audio, DVD-RAM, DVD+R, DVD-R, and Video CD
- *Plays audio CD, DVD audio, DiVX, DVD-R, DVD+R, DVD+RW, DVD-RW, and MP3 CD-R & CD-RW
- *Records in PAL or NTSC
- *Does not have TV tuner for USA. Only records from RCA or USB Connection in USA.
- *The unit does have a PAL/Secam BG, DK TV tuner.
- *Internal 250GB Hard Disk Drive: The unit's internal hard drive offers up to 55 hours of XP-Mode (high-resolution) recording time, and up to an amazing 331/441 hours of EP mode (low resolution) recording time.
- * Hard Disk Drive Capacity:
 XP Mode: 55 hours:
 SP Mode: 110 hours: LP Mode: 221 hours
 EP Mode: 331/441 hours
- *Dual Voltage for use world wide
- * VIERA Link/HDAVI Control: This is a convenient feature that offers linked operation (through the HDMI connection) of this unit and Panasonic TV (VIERA) with HDAVI Control. When connected, you can turn on your unit and

television, and start playing a disc in the play position with a single press of a button.

* DV (IEEE 1394) Input: Simply connect your digital video camera to the DV input terminal, and you're ready to record images onto the internal hard disk drive or a DVD recordable disc.

* High-Performance Outputs: With playback specifications that meet the standards of professionals, it features a component video output for high-resolution low-distortion video playback, and an optical digital audio output for high-quality audio playback.

* Dolby Digital and DTS Sound: This recorder offers built-in Dolby Digital and DTS decoders capable of advanced 24-bit processing and an outstanding sampling frequency of 96KHz. Use the coaxial digital audio output to connect the unit to your home theater receiver and enjoy full Dolby Digital/DTS surround sound entertainment.

* DivX Home Theater Certified: DivX is video compression software, which enables high quality video to be compressed into very small files then downloaded onto CD-R or CD-RW and played back with very little loss of quality.

* SD/SDHC Memory Card Slot

* The DMR-EH59 offers a fast way to big screen viewing of your favorite pictures with a built-in SD/SDHC memory card slot. Also, enjoy the ability to record to the internal hard disk from an SD card.

* Multi-Language System

* You have the ability to select multi-language and multi-subtitle preferences.
